#### AN APRON WORTH \$50.000

## Worked by Mary. Queen of Scots, While Awaiting Her Doom at the Block-

Awaiting Her Doom at the Block—

There has recently come to light an apron—probably the most exquisite example of needlework extant—that busied the fingers of the hapless Mary, Queen of Scots, during her long imprisonment, and served to divert her mind from her impending doom at the block. The fallen sovereign—all hope gone—centered her interests upon it during the latter part of her long confinement, and created the master-piece of needlework. Just before her execution, she secreted her prize apron under the lining of one of her robes, which kept her treasure safe until recently the garment was ripped apart. Its history has since been fully authenticated through letters written by the ill-starred queen to a friendly ambassador at Paris, who smuggled the materials out of which it was brought into her dungeon. By strange chance the apron came into possession of an American, who has refused \$50,000 for it, and has also declined \$5,000 for the privilege of unraveling a single stitch to learn its secret, which is a mystery to all the experts. Its owner-has consented, however, to its reproduction in large size in the June Lahas consented, however, to its repro-duction in large size in the June La-dies' Home Journal.

WHO WANT TO BUILD UP THEIR BODIES WILL FIND THE ONE THING NEEDFUL

### IN CO DR. PIERCES GOLDEN MEDICAL DISCOVERY

The body is built up from the food we eat. But before food can be assimilated by the body it must be prepared for assimilation by the stomach and other organs of digestion and nutrition. Food does not feed when the stomach is "out of order." The result is, weak muscles and flabby flesh. "Golden Medical Discovery" heals diseases of the stomach and digestive and nutritive system. It works with Nature to make manly muscle and form firm flesh.

In a letter received from A. D. Weller, Esq., of Pensacola, Racambia Co., Fla. (Box 544), he states: "I have, since receiving your diagnosis of my case, as atomach trouble and liver complaint, taken eight bottles of the Golden Medical Discovery' and must say that I am transformed from a walking shadow (as my friends called me) to perfect health."
